WORK EXPERIENCE

Frontend Developer YesOrYes

11/2022 - 01/2025 Chennai, India

Achievements/Tasks

- Started as an intern, now a Frontend Developer with 2+ years of experience
- Transitioned the company's development workflow from static **HTML**, **CSS**, and **JavaScript** to modern frameworks like **Next.js** and **Astro.js**, significantly improving performance and scalability.
- Optimized website performance by compressing images, minifying **CSS** and **JavaScript** files, and organizing project folders for better maintainability.
- Addressed major performance lags, leading to a faster and more efficient user experience through bundling and adopting clean coding practices.
- Experimented with modern tools and frameworks to implement a robust and scalable architecture, resulting in a 30% improvement in loading times.

PROJECTS

SenseOps (<https://www.senseops.com/>)
(11/2022 - 01/2025) [🔗](#)

- Migrated the project to **Astro.js** to implement reusable components, reducing development time and improving maintainability.
- Built a **modular architecture** that adapted quickly to frequent design changes and client feedback.
- Managed and updated the **WordPress-based Resource Page**, ensuring responsiveness and consistent performance.

Yavar.ai (<https://www.yavar.ai/>) (10/2024 - 12/2024) [🔗](#)

- Developed a **responsive, dynamic website** with smooth transitions and animations using **GSAP**, elevating user engagement.
- Built the **foundational layout and scalable structure**, preparing for headless CMS integration with **Strapi**.
- Gained hands-on experience with **modern animation techniques** and **headless CMS architecture** during ongoing development.
